## Car Covers

**Block-It 200 Series Multibond** — Kimberly-Clark developed BLOCK-IT 200 Series fabric to be a mid-price leader in quality and performance. It uses 3-layer polypropylene construction for moisture and dust resistance, and the fibers are treated for extra UV resistance. If you are looking for an inexpensive cover for indoor storage and limited outdoor use, this U.S.-made fabric offers good, basic protection and is an excellent value.

- Lightweight** - Easy to use and less bulky for compact storage.
- Soft and Non-Abrasive** - Will not scratch clean paint or clear-coat.
- Breathable** - Allows moisture and condensation to evaporate.
- Moisture, Mold and UV Resistant** - Polypropylene fibers are naturally moisture resistant and treated for extra UV protection.
- Good Dust Protection** - When used indoors, keeps vehicle cleaner than most woven fabrics.
- Material Color Available** - Gray

**Deluxe Block-It 380 Series** — 380 Series fabric is Kimberly-Clark's newest film barrier fabric, offering great performance at a competitive price. A general protection fabric with an inner film barrier that provides an excellent balance of water resistance, breathability and softness. Features reinforced non-scratch tie-down grommets, neoprene elastic in front and rear hem to hold cover in place and all seams are double stitched and overlapped for strength.

- Naturally Moisture Resistant** - Acid rain, industrial pollutants, tree sap and bird droppings will not harm the fabric.
- Breathable** - Air easily circulates through the fabric to help it dry quickly and reduce heat build-up under cover.
- Dust / Pollution Barrier** - The middle barrier layer acts as a filtration barrier against most airborne pollutants.
- Easy To Use** - Won't shrink or stretch and retains its tailored shape.

**Three (3) Year Limited Warranty** - Against defects in workmanship and/or the fabric becoming unserviceable during normal use. Covercraft will repair or replace, to the original purchaser, after required inspection.  
**Material Color Available** - Tan

**Technalon® Block-It Evolution** — Technalon® covers, made with Kimberly-Clark's Evolution® 4-layer non-woven polypropylene fabric, provide maximum protection in all weather conditions. Often imitated, but never equaled, U.S.-made Evolution fabric covers are used by millions of satisfied car enthusiasts around the world. Recent improvements include a stronger outer layer and softer inner layer. The inner layer is constructed with similar processes used for our Dustop™ interior storage covers - gentle protection for fine paint finishes (inner layer is now light gray). Through extensive testing in Florida K-C has confirmed Evolution has the highest UPF rating of all their non-woven fabrics. This is important because UV rays are what damage both the exterior AND interior of any vehicle. Block the UV rays - protect the vehicle!

- Naturally Moisture Resistant** - Acid rain, industrial pollutants, tree sap and bird droppings will not harm the fabric.
- Dries Easily** - Moisture is not absorbed by the fabric fibers.
- Breathable** - Allows air to circulate through the fabric.
- Dust / Pollution Barrier** - The two middle layers of melt-blown fabric act as a filtration barrier against most airborne pollutants.
- Impact Absorption** - 4-layer thickness absorbs impacts better than any other vehicle cover fabric to help protect the finish from nicks, dings, dents and scratches.

## El Camino Books

**00-0950** 1959-82 Chevrolet El Camino 16.99  
Trace the history and development of Chevrolet's El Camino in this in-depth, fact-filled volume. Filled with all the options, specs, and production changes, plus original prices, special features, competition results and more. Perfect for the owner and restorer, packed with hard-to-find facts and details. "...a solid value." Classic Sixties. Softbound, 8 1/2" x 11", 80 pages, 150 black and white illustrations.

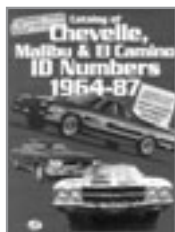

**00-0960** 1959-87 Chevrolet El Camino and SS 37.99  
Articles from Road & Track, Car & Driver, Motor Trend and more of today's leading magazines cover road tests, comparison, owner's reports and more on Chevrolet's El Camino and SS models, including new model introductions, performance and technical data and specs. Models covered include: Super Sport, 283, 305, 327, 348, 350, 396, 454, and diesels. Softbound, 8" x 10 5/8", 140 pgs., 180 b&w illustrations.

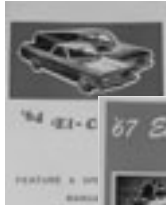

**00-0962** El Camino Photo History 24.99  
This all-inclusive history of the Chevrolet El Camino from its introduction in 1959 to the end of production in 1987 explores the impact the car-pickup hybrid had on the small truck market while explaining year-by-year model changes. Archival factory photographs combine with modern images to illustrate various body styles, engines, and interiors, as well as customs and special editions like the GMC Sprint and Caballero. Softbound, 7 1/4" x 9", 120 pages, 120 black and white illustrations.

## Identification Books

By the auto editors at Cars & Parts. Includes exterior paint and interior trim samples, VINs, body plates, Protect-O-Plates, engine codes, transmission codes and casting numbers for blocks, heads, intake and exhaust manifolds. This volume goes the extra mile toward original specifications with a special 48 page color section highlighting the cars. Softbound, 8" x 10 5/8", 250 pages, 101 b&w ill., 40 color pages.

# Tools

Part #	Year	Description	Price
			
<b>1964-87 Coil Spring Compressor</b>			
<ul style="list-style-type: none"> <li>• Allows Easy Removal &amp; Installation Of Front Coil Springs</li> <li>• Similar In Design To The Original GM Tool</li> <li>• Manufactured From T-6061 Aluminum &amp; 5/8" Grade 8 Threaded Rod</li> <li>• Does Not Touch Or Scratch Coil Springs</li> <li>• Far More Efficient Than Hook-Type Compressors</li> </ul>			
13-1301	64-87	Coil Spring Compressor	119.99

<b>Battery Tender Charger</b>			
<ul style="list-style-type: none"> <li>• Safe Reliable, Trouble-Free Battery Care</li> <li>• Developed To Maintain Batteries Not In Constant Use Or Storage</li> <li>• Fully Automatic Charger</li> </ul>			
			
Automatically switches off after fully charging to storage charge; constantly monitors the battery without the damaging effects of trickle charging. The initial charge cycle of the Battery Tender brings a battery to a full charge at approximately 14.4 volts about 1.25 amps. What this means to the user is safe, reliable, trouble-free battery care. Aluminum construction equipped with 6' power cord, and 6' output cord with clamps. 5 year warranty.			
13-1302		Battery Tender Charger	59.99

<b>Standard Brake Vacuum Bleeder Tool</b>			
Make brake bleeding a one-man job. The vacuum reservoir draws air out of the caliper, collecting it and excess fluid for mess free operation. Step-by-step instructions included.			
13-1303		Bleeder Tool Kit	41.99

<b>Side Post Battery Quick-Disconnect Switch</b>			
<ul style="list-style-type: none"> <li>• Avoid Short Circuits And Battery Drain</li> <li>• Fools Thieves</li> </ul>			
Just twist the handy knob and cut off current at the battery. Simple switch installs in minutes and easily removes to return to original condition.			
06-5800		Disconnect Switch	11.99 ea.

Part #	Year	Description	Price

<b>Sheet Metal Sealants</b>			
An off-white, paintable, fast drying, flexible rubber base material that seals small cracks and other opening. Heavy consistency makes this sealer especially suitable for vertical seam			
13-0800		Heavy Duty Drip Chek, 3M	14.99

<b>Interior Dyes, 1978-87</b>			
This proprietary formula penetrates the surface and molecularly bonds to permanently seal in color. Dries to the touch in 45 seconds. Forms a complete molecular bond in 10 minutes. UV stable and color fast, it will not crack, flake or peel. Other benefits include heat deflectors for dark colors. Works on vinyl, leather, ABS plastic, polycarbonate, polypropylene, polyurethane, acrylic, lexan, fiberglass and recycled plastics. See color samples on page 200. All 1978-87 plastic interior moldings must use 00-6250 Adhesion Promoter. These items can only be shipped via ground—no air delivery.
